MEDICAL TREATMENT IN THAILAND

In an effort to better serve Americans in Thailand, the U.S. Embassy has compiled the following list of local area hospitals for the Northeast, Central, and Southern regions of Thailand. Many of the hospitals on the list are staffed by doctors with a reasonable command of English who are familiar with American medical care. In many cases, doctors have received training in the U.S. or other Western countries. Hospitals outside of the capitol may not be able to offer a wide range of English services. Please note, this list is not meant to be exhaustive or definitive, nor does it represent any guarantees of competence by the Department of State or the American Embassy.

Hospitals are separated by location, with the largest number of facilities located in Bangkok. Those interested in medical care information for Northern Thailand may contact the American Consulate General in Chiang Mai by phone at (66) (53) 107-700 or by fax at (66)(53) 252-633. The Consulate General in Chiang Mai is located at 387 Vidhayanond Road.
